

## Case Study

## PHARMA

### Project Data

**Product:** cough syrup

**Packaging shape:** 4-side-sealed sachets  
3-fold sachets

**Format:** 60 x 95 mm each

**Film material:** PET / Alu / PE - 70 µm

**Filling:** 5, 10 or 15 ml

**Machine type:** **FlexiBag Si 600** - 9 lanes  
with mobile dosing system

**Application:** pharmaceutical  
liquid product,  
filled with cone valve  
system and servo drive

**Capacity/output:** up to 60 cycles - 9 lanes  
up to 540 sachets/min  
up to 30,000 sachets/hour

**Special:** sachet pick & place system,  
stand alone dosing system  
on trolley

**No. of machines:** 4 units

**Delivered:** 2013
